LETTER OF SUPPORT FOR IMADIBA PROJECT

The FW de Klerk Foundation would like to commend Mr Erhardt Thiel on his excellent iMadiba Project, particularly the use of art to encourage and promote 'conversations for action' and conversations for change'.

Conversations between former Presidents De Klerk and Mandela started the country on the path towards a non-racial constitutional democracy. The FW de Klerk Foundation is well aware of the importance of dialogue, and in favour of a project such as this that aims to encourage conversations between fellow South Africans. These conversations can help unpack essential issues such as social cohesion, and nation-building.

We wish Mr Thiel every success with the project.

Kind regards,

Dr Theuns Eloff
Executive Director
