To whom it may concern,

Dear Sir or Madam

LETTER OF SUPPORT: IMADIBA PROJECT

Constitution Hill is a living museum that tells the story of South Africa's journey to democracy. The site is a former prison and military fort that bears testament to South Africa's turbulent past and, today, is home to the country's Constitutional Court, which endorses the rights of all citizens.

Constitution Hill is regarded as one of the most significant reclamation initiatives in the country. Its function today (protection of human rights) is markedly different from the function it served in the past (violation of human rights that robbed people of their dignity, under a system that denied them equality and freedom.)

Constitution Hill supports and recommends the iMadiba Project as it creates the ideal space to promote dialogue or public debate and beneficial social change.

We also convey special thanks to artist, Erhardt Thiel, partners and the sponsors of this fine initiative.

Yours faithfully,

Ms Dawn Robertson
Chief Executive Officer
