

NELSON MANDELA
FOUNDATION

Living the legacy

February 2019

TO WHOM IT MAY CONCERN

The iMadiba Project supports the vision of the Nelson Mandela Foundation.

The project aims to stimulate dialogue for action around the world in a unique and creative way - by creating 'conversation stations' or micro museums based on the exact measurements of the Robben Island prison cell where Nelson Mandela spent 18 of his 27 years of incarceration.

We invite individuals, businesses, corporations and institutions to partner with us and help us create an ever-growing number of iMadiba installations globally to facilitate conversations for the change that the world desperately needs.

Yours sincerely

Sello Hatang
Chief Executive
